## **Amendments to the Claims**

- 1. (Withdrawn) An inoculating agent for production of fruit bodies of an entomopathogenic fungus, containing hyphal bodies of the entomopathogenic fungus.
- 2. (Withdrawn) A method of producing an inoculating agent for production of fruit bodies of an entomopathogenic fungus, whereby hyphal bodies are produced by shake culturing of hyphae and/or conidia of the entomopathogenic fungus.
- 3. (Withdrawn) A method of producing an inoculating agent for production of fruit bodies of an entomopathogenic fungus, whereby hyphal bodies are proliferated by shake culturing of hyphal bodies of the entomopathogenic fungus.
- 4. (Currently amended) A spawned insect for production of fruit bodies of an entomopathogenic fungus, being inoculated <u>by injection</u> with hyphal bodies of the entomopathogenic fungus in the body.
- 5. (Withdrawn) A method of producing fruit bodies of an entomopathogenic fungus, whereby hyphal bodies of the entomopathogenic fungus are inoculated into a body of an insect.
- 6. (Withdrawn) A method of producing fruit bodies of an entomopathogenic fungus according to claim 5, wherein said inoculation is accomplished by injecting.
- 7. (Withdrawn) A method of producing fruit bodies of an entomopathogenic fungus according to claim 5, wherein said insect is in a form of a pupa.
- 8. (Withdrawn) A method of producing fruit bodies of an entomopathogenic fungus according to claim 5, wherein said entomopathogenic fungus is a fungus belonging to the genus *Cordyceps*.

Atty. Docket No. 2002-0348A Serial No. 10/089,448 <u>December 27, 2004</u>

- 9. (Withdrawn) A method of producing fruit bodies of an entomopathogenic fungus according to claim 6, wherein said insect is in a form of a pupa.
- 10. (Withdrawn) A method of producing fruit bodies of an entomopathogenic fungus according to claim 6, wherein said entomopathogenic fungus is a fungus belonging to the genus *Cordyceps*.
- 11. (Withdrawn) A method of producing fruit bodies of an entomopathogenic fungus according to claim 7, wherein said entomopathogenic fungus is a fungus belonging to the genus *Cordyceps*.
- 12. (Withdrawn) A method of producing fruit bodies of an entomopathogenic fungus according to claim 9, wherein said entomopathogenic fungus is a fungus belonging to the genus *Cordyceps*.
